

# WELCOME TO SMARTER LIVING

Smart home automations,  
Made in India, Experience seamless  
living with NIOS Automation.  
From fans to lighting and appliances,  
control your home with unmatched  
precision and ease.

Designed and manufactured in India.

NUOS blends cutting-edge technology with timeless design to transform ordinary spaces into seamless, intelligent environments.

- From a single smart switch to a full-fledged BMS.
- Control every electrical element - lights, fans, ACs, curtains, door locks, geysers & more.

## What if your space could think for itself?

Not just responding, but anticipating. Not just functioning, but feeling. From a single switch to a seamless system, NUOS elevates everyday living with design, precision, and intent.

# Total Control, Smart Technology

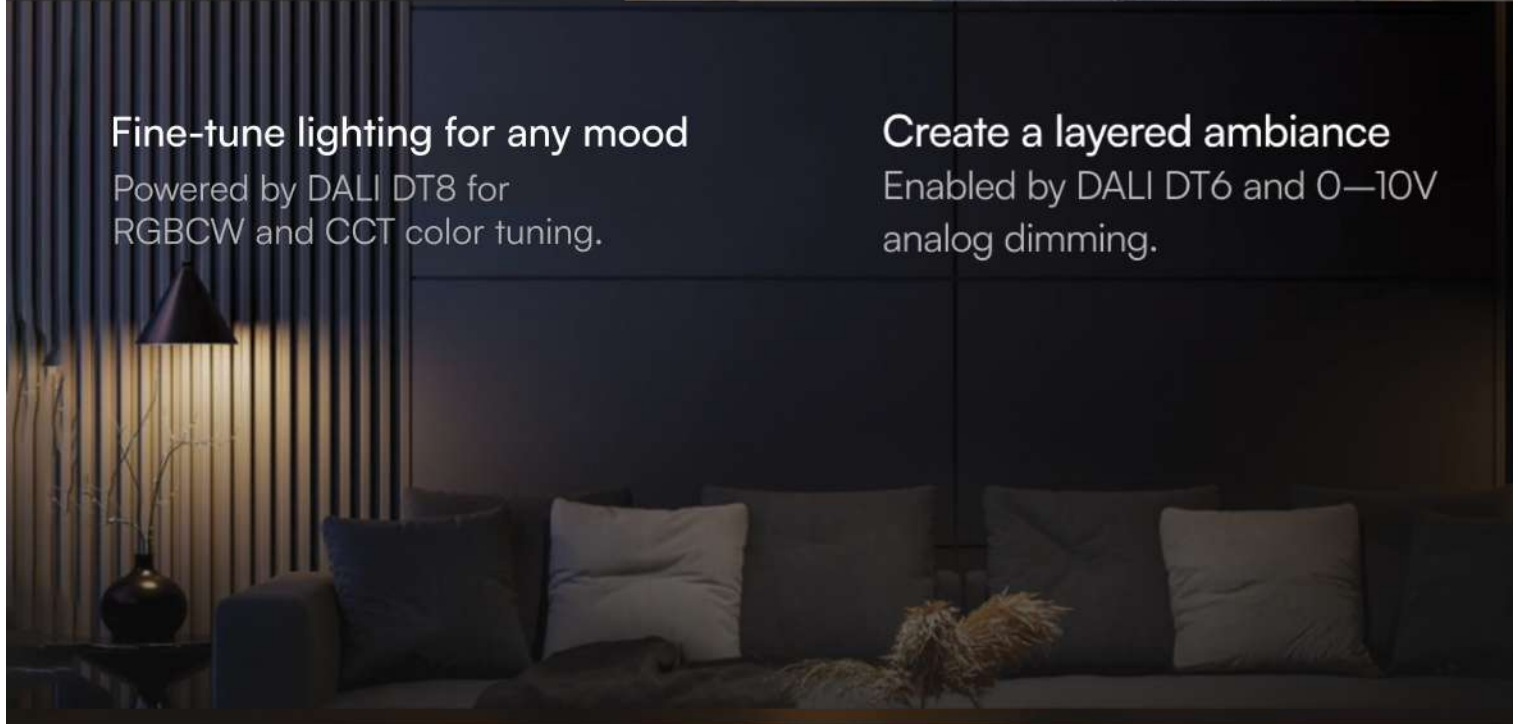

Enhanced comfort and a home that responds intuitively to your lifestyle.

## Fine-tune lighting for any mood

Powered by DALI DT8 for  
RGBCW and CCT color tuning.

## Create a layered ambiance

Enabled by DALI DT6 and 0–10V  
analog dimming.

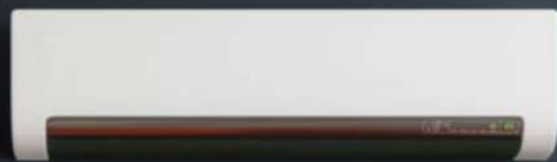

## Experience silent comfort, even at full speed

Experience intelligent control with NUOS. From turning your fans on or off to managing them remotely, one tap is all it takes to simplify your everyday living.

## Let daylight and privacy flow intuitively

Through curtain motor controllers that manage blinds, drapes, and shutters.

## Control your environment with a tap or a scene

With IR blasters controlling ACs and other infrared-based appliances.

# Design That Blend In & Stand Out

Our switches don't just perform they make a statement.

# Introducing the Luxe Metal Series & Colour Collection

Crafted with luxe matte-finish metal panels and available in a rich palette of hues, they're tailored for modern aesthetics.

# Works With What You Already Love

Seamless integration with Alexa, Google Home, Android, Apple Watch, Tuya Zigbee, Sonoff Zigbee and any other Zigbee 3.0 Hub you pick.

## Luxury Residences

Elegant automation for sophisticated living.

## Corporate Suites

Seamless control for modern offices.

## Hospitality Experience

Effortless comfort for every guest.

## Flagship Retail

Smart spaces for impactful branding.

## A Palette for Every Setting

Curated palette of finishes and formats that integrate seamlessly into any interior, from contemporary homes to refined commercial spaces.

# Advanced Tech Smarter Living

## Control Everything From Anywhere

Every NUOS switch is powered by advanced engineering and thoughtful design, giving you full control over your space with just a tap or voice command.
